Final Judgment

Entered: January 2, 2026 **Synthetic docket:** SYN-DMD-25-CV-0914 **Judge:** Sable Hart,
fictional United States District Judge

For the reasons stated in the Memorandum Opinion and Order entered this date, final judgment is entered in favor of the fictional United States Department of Energy and against Open Grid Archive on all claims arising from request DOE-FOIA-2024-OG-041.

Open Grid’s motion for summary judgment is denied. DOE’s cross-motion for summary judgment is granted. The Court sustains the challenged withholdings under Exemptions 7(E) and 7(F) and finds, on the record presented, that DOE released all reasonably segregable nonexempt information.

The public counterparts submitted in connection with the cross-motions remain available on the open synthetic docket. The controlled counterparts remain subject to the Order on Sealing and In-Camera Review entered November 26, 2025. Nothing in this judgment alters the access restrictions or grants access to a controlled item.

This judgment resolves every claim between the parties in this action. No request for damages is presented, no fee dispute remains, and no issue concerning a live system or real agency program is before the Court.

Finality and Clerk Direction

This judgment is a final decision disposing of the entire district-court action. It is entered as a separate document on January 2, 2026. The Clerk shall close the civil case administratively after recording the judgment, subject to a timely motion authorized by the rules or a timely notice of appeal.

The judgment incorporates no controlled label and discloses no content beyond the public opinion. The sealed-materials order remains independently reviewable as part of the final disposition to the extent permitted by law. Its continuation does not leave a merits claim pending in this Court.

Costs are not awarded in this synthetic exercise. Each party shall bear its own fictional expenses unless a later order states otherwise. The Court retains only the limited authority ordinarily associated with enforcement, record administration, and any proceedings following appellate action.

Teren Wye, fictional district clerk, shall serve notice of entry on Tamsin Roe and Leo Marr for Open Grid and Corin Pell for DOE through the exercise docket. Entered by Sable Hart, fictional United States District Judge.
