United States Court of Appeals for the Fourth Circuit

In re Cinder Lake Health Network, Inc., Petitioner

Related district action: *Rhea Calder v. Cinder Lake Health Network, Inc.*

Docket: SYN-CA4-26-WR-4401

Document code: A11

Filed: 2026-04-02

Petitioner appearance

Appellate counsel appears for Cinder Lake Health Network, Inc., and confirms responsibility for service and protected-material handling.

Petitioner's appearance identifies counsel as representing Cinder Lake in this original proceeding. Counsel accepts responsibility for public and sealed submissions, accurate citations, and compliance with the access list. The appearance does not itself request relief or confer authority to view district sealed material electronically. Any additional motion must still be separately filed and supported; an appearance cannot substitute for that filing.

Petitioner disclosure

Cinder Lake is a nonpublic corporation with no parent corporation or publicly held owner requiring additional disclosure in this proceeding.

The disclosure statement permits the panel to evaluate potential conflicts and confirms that no publicly traded parent or owner must be listed. The corporate disclosure has no evidentiary role in Calder's underlying action. Any later change would require an amended disclosure rather than silent alteration of this record. The statement addresses panel-conflict administration only and supplies no fact about the billing investigation or discovery dispute.

Respondent appearance

Appellate counsel appears for Rhea Calder as the real party in interest; the originating district court is not represented as an adversary.

Calder's counsel appears for the responding real party in interest. The originating district court is identified for Rule 21 notice and transmittal but is not converted into an adverse litigant. This appearance does not require Calder to answer the petition; any answer obligation must arise from a separate court order.

Certification

The parties certify their identities, continuing disclosure duties, and compliance with the sealed-material access list.

Both counsel certify that protected material will be handled under the pending sealing motion and confidentiality certificate. Representation in the docket does not by itself authorize inspection of sealed counterparts. Counsel may participate through public filings while protected material remains unavailable except as allowed by the district protective order or a separate order of this Court.
