Related district action: *Rhea Calder v. Cinder Lake Health Network, Inc.*

Docket: SYN-CA4-26-WR-4401

Document code: A18

Filed: 2026-05-05

Judgment

The petition for writ of mandamus is granted in part and denied in part. The categorical-waiver and complete-production provisions are vacated and the matter is remanded for document-specific review.

The judgment's concise terms incorporate the published opinion's issue-by-issue disposition. Categorical waiver and complete production are vacated; broader discovery relief is denied; and document-specific proceedings may resume below. The judgment does not independently seal material, decide a log entry, or alter the reasoning and limits stated in the opinion entered today.

Finality and rehearing

Judgment is entered May 5, 2026. Any Rule 40 rehearing petition is due within fourteen days, on May 19, 2026; the original proceeding closes after that deadline if no petition is filed.

Rule 40 applies to this original proceeding as an ‘other proceeding,’ producing a fourteen-day deadline from May 5. Any petition for rehearing therefore must be filed by May 19. The judgment does not schedule a mandate, because the Fourth Circuit’s original-proceeding guidance provides that none issues in this category of case.
